These e-Updates are a regular weekly item from K-State Extension Agronomy and Kathy Gehl, Agronomy eUpdate Editor. All of the Research and Extension faculty in Agronomy will be involved as sources from time to time. If you have any questions or suggestions for topics you’d like to have us address in this weekly update, contact Kathy Gehl, 785-532-3354 kgehl@ksu.edu, or Dalas Peterson, Extension Agronomy State Leader and Weed Management Specialist 785-532-0405 dpeterso@ksu.edu.

1. 2019 K-State Corn Schools - Get registered now................................................................. 3
2. Registration open for the K-State Soybean Schools scheduled for January 2019........... 5
3. K-State Sorghum Schools scheduled for early February.................................................. 8
4. Cover Your Acres Winter Conference, January 15-16 in Oberlin.................................. 10
6. Alternative Crops Workshops scheduled for January 10 & 11...................................... 13
The Department of Agronomy and K-State Research and Extension, in partnership with Kansas Corn, are planning to host three Corn Production Management Schools and three Corn Pre-Plant Schools in 2019. These schools are designed to provide in-depth training for corn producers across Kansas with targeted information for each location.

Each school is free to attend and will have lunch provided thanks to support provided by Pioneer. A range of topics will be covered and vary by location including: corn management, high-yielding corn factors, weed control, soil fertility and nutrient management, soil health considerations, insect management, corn market and policy perspectives, and grower panel discussion.

**Corn Production Management Schools**

- **January 7 – Salina, KS**  
  Registration begins at 7:45 am, program from 8:30 am – 2:00 pm  
  Hilton Garden Inn, 3320 S 9th Street, Salina

- **January 9 – Oakley, KS**  
  Registration begins at 7:45 am, program from 8:30 am – 2:30 pm  
  Buffalo Bill Cultural Center, 3083 US-83, Oakley

- **January 11 – Lawrence, KS**  
  Registration begins at 7:45 am, program from 8:30 am – 2:00 pm  
  Douglas County Fairgrounds, Flory Meeting Hall, 2120 Harper Street, Lawrence

**Pre-Plant Corn Schools**

- **February 11 – Parsons**  
  Registration begins at 7:45 am, program from 8:30 am – 1:00 pm  
  Southeast Research and Extension Center, 25092 Ness Road, Parsons

- **February 13 – Hesston**  
  Registration begins at 7:45 am, program from 8:30 am – 1:00 pm  
  Dyck Arboretum of the Plains, 177 W Hickory Street, Hesston

- **February 15 – Garden City**  
  Registration begins at 7:45 am, program from 8:30 am – 1:00 pm  
  Pioneer Garden City Research Station, 1455 East Parallel Road, Garden City

To register for any of the schools, please go online at [https://kscorn.com/CornSchool/](https://kscorn.com/CornSchool/). Pre-registration is still open! Please try to register one week prior to the event you wish to attend.

CCA and CEU credits have been applied for. Additional local sponsors include Ag Risk Solutions and the Andersons.

A series of nine K-State Soybean Production Schools will be offered in late January to provide in-depth training targeted for soybean producers and key-stakeholders. The schools will be sponsored by the Kansas Soybean Commission.

The schools will cover a number of issues facing soybean growers including: weed control, crop production practices, nutrient management and soil fertility, insects, disease management, and market outlook. More information on specific speakers and topics will be provided in future eUpdate issues as agendas are finalized.

The dates are set and specific locations have been chosen with Schools located across the state.

**January 15 – Tuesday**

- **Wichita, KS** - 8:30 am to 1:00 pm  
  Sedgewick County Extension Education Center, 7001 W. 21st Street North  
  Contact: Jackie Fees, jfees@ksu.edu

- **Parsons, KS** - 3:00 to 7:00 pm  
  K-State Southeast Research and Extension Center  
  25092 Ness Road  
  Contact: James Coover, jcoover@ksu.edu

The January 15th schools will focus on weed control, crop production, soil fertility, insect management, and a market update.

**January 16 – Wednesday**

- **Paola, KS** - 8:30 am to 1:00 pm  
  Miami County Fairgrounds, Building 2
The January 16th schools will include updates on weed control, crop production, soil fertility, diseases, insects, and the soybean market.

**January 24 - Thursday**

- **Hugoton, KS** - 8:30 am to 12:30 pm
  4-H Building, 1130 S. Trindle (Fairgrounds)
  Contact: Ronald Honig, rohonig@ksu.edu

- **Scott City, KS** - 3:00 to 7:00 pm
  Wm. Carpenter 4-H Building, 608 N. Fairground Rd
  Contact: John Beckman, jbeckman@ksu.edu

The January 24th schools will have speakers to address weed control, crop production, markets, and insects. In addition, there will be an irrigation update at the Scott City location.

**January 25 – Friday**

- **Hoxie, KS** - 8:30 am to 1:00 pm
  Sheridan County 4-H Building, 940 Oak Ave.
  Contact: Keith VanSkike, kvan@ksu.edu

- **Great Bend, KS** - 3:00 to 7:00 pm
  American Ag Credit, 5634 10th Street
  Contact: Stacy Campbell, scampbel@ksu.edu

The January 25th schools will provide updates on weed control, insects, crop production, and markets. In addition, there will be an irrigation update at the Hoxie location.

**January 28 – Monday**

- **Beloit, KS** - 9:00 am to 1:00 pm
  NC Kansas Technical College Conference Room, 3033 U.S. Hwy 24
  Contact: Sandra Wick, swick@ksu.edu

The January 28th school in Beloit will highlight weed control, crop production, soil fertility, insects, diseases, and markets.

Lunch will be provided courtesy of the Kansas Soybean Commission. There is no cost to attend, but participants are asked to pre-register one week prior to the school they plan to attend. Online registration is available at K-State Soybean Schools (http://bit.ly/KSUSoybean) or by emailing/calling the nearest local K-State Research and Extension office for the location participants plan to attend.
3. K-State Sorghum Schools scheduled for early February

A series of three K-State Sorghum Production Schools will be offered in early February to provide in-depth training targeted for sorghum producers and key-stakeholders. The schools are sponsored by Kansas Grain Sorghum Commission.

The schools will cover a number of issues facing sorghum growers: risk management, marketing opportunities, weed control, crop production practices, nutrient and soil fertility, and insect management.

The final dates and locations have been set focusing with Schools across the state. More details on speakers, topics, and specific locations will be in an upcoming eUpdate. Stay tuned!

**Garden City, KS**

February 5, Tuesday, 8:30 am to 1:30 pm  
Jennifer Stoss - jstoss@ksu.edu

**Hays, KS**

February 6, Wednesday, 8:30 am to 1:30 pm  
Stacy Campbell - scampbel@ksu.edu

**Salina, KS**

February 7, Thursday, 8:30 am to 1:30 pm  
Carl Garten - cgarten@ksu.edu
Lunch will be provided, courtesy of the Kansas Grain Sorghum Commission. There is no cost to attend, but participants are asked to pre-register by **January 29**. Online registration is available at K-State Sorghum Schools ([http://bit.ly/KSU Sorghum](http://bit.ly/KSU Sorghum)) or by emailing/calling the nearest local K-State Research and Extension office nearest the location participants plan to attend.

K-State Research and Extension is partnering with the Northwest Kansas Crop Residue Alliance to host the 15th annual Cover Your Acres Winter Conference for crop producers and consultants on January 15-16 at the Gateway Center in Oberlin, Kansas.

Cover Your Acres is a producer-driven meeting focused on new ideas and research-based updates in crop production in northwest Kansas and the central High Plains region.

The conference, which typically draws more than 400 attendees from Kansas and other states, highlights the latest technology, methods, and conservation practices to improve crop production in the region. This year it will feature university specialists and industry representatives discussing the following topics:

- A fresh look at High Plains irrigated soybean management
- Adjuvants and their effects on herbicides and tank mixes
- Current financial status of NW Kansas farms
- Dryland corn hybrids, seeding rates, and planting dates
- Getting peak performance from paraquat – Rates, adjuvants, droplets, and more
- Land values and rental rates – Where are we going?
- Managing insect resistance in corn
- Palmar amaranth management
- Remediation of eroded high pH hilltop soils with manure
- Top 3 mistakes in Northwest Kansas wheat production
- Producer panel discussion

The same programs will be offered both days of the conference. Registration will begin at 7:45 a.m. with educational sessions ending at 5:00 p.m. The sessions are followed by a “bull session” on Tuesday evening where attendees can visit with industry and university specialists while enjoying heavy hors d’oeuvres.

Early registration is due by January 9. The fee is $45 for either January 15 or 16 or $65 for both days. After January 9, the cost is $65 per day. The conference fee includes lunch, morning and afternoon refreshments, and educational materials. The program offers a total of 10 continuing education unit (CEU) credits for Certified Crop Advisors and 4 CEUs for Commercial Applicators.

To view the conference details and for online registration, visit [www.northwest.ksu.edu/cover-your-acres](http://www.northwest.ksu.edu/cover-your-acres). For questions, call 785-462-6281.

Major sponsors of the conference include Pioneer, Hoxie Implement Co., Nutrien Ag Solutions, Lang Diesel, Bayer, National Sunflower Association, Plains Equipment Group, and SureFire Ag. CCA and Commercial Applicator CEU’s have been applied for.

The Kansas Ag Research and Technology Association (KARTA) and K-State Research and Extension are proud to announce the line-up of speakers for the 22nd Annual Kansas Ag Tech Conference, taking place January 17-18, 2019 in Junction City, Kansas. The annual 2-day event is popular among precision ag producers, applicators, and industry brands because of its unique format that creates lively discussions among the most efficiency-conscious farmers in the state of Kansas. Presentations at this year’s conference include:

- **Savannah Crossman - Soybean Growers Association & Advanced Ag Alliance**
  “Variable Rate Corn Seeding, Lessons Learned & Future Visions”

- **Justin Heath - Smart Ag**
  “It Has Arrived: Farm-Ready Autonomous Tractor Technology”

- **Ajay Sharda - Kansas State University Agricultural Engineering**
  “Planter Down-Force Systems: Engineering and Agronomic Considerations”

- **Kevin Heikes - IN10T**
  “Farmer Centered Innovations - The Solution to Better Innovation and Faster Adoption”

- **Bruce Erickson - Purdue University**
  “Precision Ag Technology Adoption - Looking Back, Looking Forward”

- **Joe Luck - University of Nebraska**
  “Multi-Hybrid Planting: Lessons From On-Farm Trials - What Works and Will it Pay?”

More information and bios for each of the speakers can be found on KARTA’s website at www.KARTAonline.org. The conference will also include a rapid fire Q&A with members of the K-State faculty and presentations from KARTA’s recent grant recipients as they present findings from their on-farm research trials. Industry partners will also be there to exhibit and provide updates on the latest ag technology in the private sector.

Registration for the two-day conference is $275 including all meals and refreshments for both days. Guests can also take advantage of a $50 discount on their conference admission if they purchase a 2019 KARTA membership during checkout. Funds generated through KARTA’s association dues and conference registrations are used to provide on-farm research grants and instructional workshops throughout the year.

For more information or to get signed up, visit www.KARTAonline.org. Be sure to follow KARTA on Facebook and Twitter. This year’s event hashtag is #KARTA2019.

Information is also available by contacting Lucas Haag, K-State Research and Extension Northwest Area Crops and Soil Specialist, at 785-462-6281 or lhaag@ksu.edu.
6. Alternative Crops Workshops scheduled for January 10 & 11

K-State Research and Extension is hosting three winter workshops focusing on alternative cropping systems for Kansas producers. Each workshop is free to attend but pre-registration is encouraged. Details on locations, times, and speakers are detailed in the flyers listed below.
Alternative Crops Workshop
Grainfield and Osborne

Learn about potential alternative crops, featuring field peas, canola and others for northcentral and northwest Kansas!

Thursday, January 10
Osborne
9:00 a.m. – NOON
United Christian Church
214 N. 2nd Street
Lunch will be provided with sponsor: ADM/Northern Sun
Goodland, KS

Thursday, January 10
Grainfield
3:00 p.m. – 6:00 p.m.
Gove County 4-H Building
757 W. 3rd Street
Refreshments will be served.

Featuring KSU agronomists, economists and a guest agency grain merchandiser!

NO COST to participate, however, registration is requested by Monday, January 7, 2019 at either location

Registration:
Grainfield: www.goldenprairie.ksu.edu
Golden Prairie Extension District - Grainfield at 785-743-6361
Osborne: www.postrock.ksu.edu
Post Rock Extension District, Smith Center Office at 785-282-6823

Other questions? Email Clint Bain at bainc@ksu.edu for Grainfield or Sandra Wick at swick@ksu.edu for Osborne
(Minimum of 10 registrations needed at each location to hold the meetings.)

K-State Research and Extension
Alternative Crops Workshop

Join Walnut Creek District
January 11, 2019 @ 8:30 am
Rush County Extension Office
702 Main Street  La Crosse, Kansas

Discussion Topics
Field Peas
Cotton
Production and Economics of Canola
presented by
K-State Specialists
-Lucas Haag, NW Area Agronomist
-Monte Vandeveer, SW Area AG Economist
-Mike Stamm, K-State Canola Breeder

For more information, contact the Rush County Extension Office at 785.222.2710 or 800.460.9079
RSVP by January 9 at 5:00 pm
